

2023 NEWSLETTER

01.01.2023

Dear colleagues,

We wish you happy 2023, we hope it will be a peaceful, blissful and vigorous year. After leaving behind the aftereffects of pandemics, 2022 showed that travelling volume has been growing. Therefore in direct proportion to its growth we could witness increasing of repatriation cases and also assistance cases for patient's ground transportation and house calls. We expect another wave of increasing of touristic activities and travelling in 2023.

Last year due to membership in FIAT-IFTA and EFFE we followed the latest developments in the area and enhanced the quality of our services.

Also we registered the company in German-Turkish Chamber of Commerce. We were among participants of President Summit in Copenhagen and CBCE (Cremation & Burial, Communication, Education) Conference in Southampton, and also took part in Travel Regulations Forum arranged by ABTA in London.

In 2022 our company received accreditation by IATA and became an authorized ticketing agency of Turkish Airlines. Thus we received the access possibility to 266 airports of the world.
